RE: - 1910254AMC

Dear Clerk of the Court,

I recently disputed information that was on my credit report that may not be reporting accurately. The credit bureaus say they verified the information with you and have told me I need to contact the furnisher of the information. What is your procedure for verifying this information? Do you verify directly with the credit reporting agencies?

Included with this correspondence is a return envelope with postage to respond to me with the attached form. I greatly appreciate your time and cooperation and will await your prompt response.

Sincerely,

Jonathan Barger
